Pathway Co., Ltd.

CEO, Certified Immigration Lawyer Go Shiono

An app that gives ease and convenience to foreigners in terms of “work visa check” with the use of smartphones

## “VISA PARK” Information Release

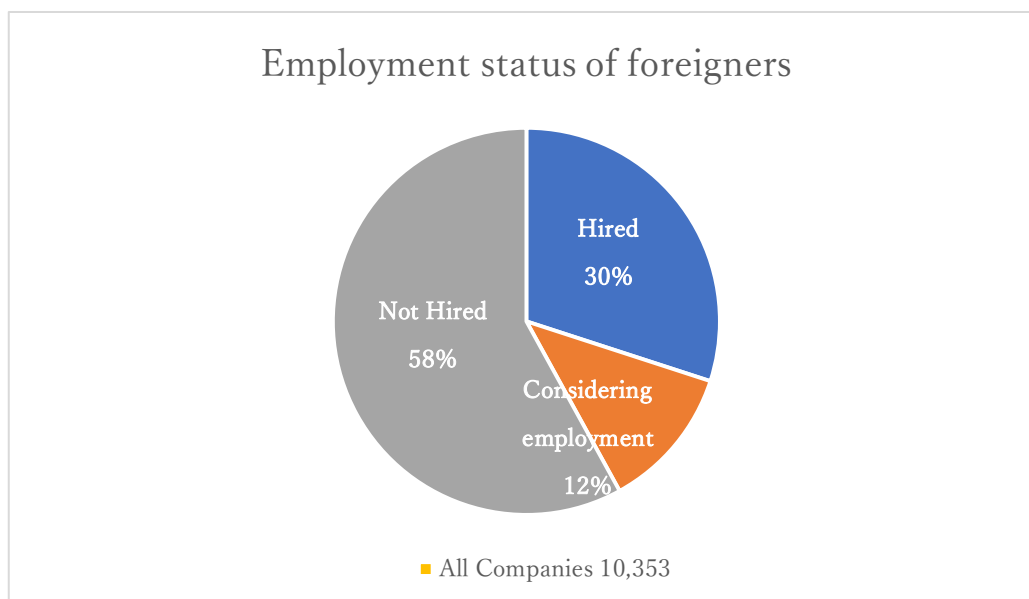

I would like to express my deep gratitude for your lending your time. With the knowledge and experience gained from 「Visa Pro」 which gives support to foreigners. Through 「Visa Pro」, I gained expertise when it comes to the black box part of the examination determined by the

authority of the Immigration (Immigration Services Agency). Therefore, "VISA PARK "was developed.

### ■ Background of "VISA PARK" development

Now that the labor shortage in Japan has got worse, the government is making efforts to increase the acceptance of foreign workers. The "300,000 International Students Plan" set out in 2008 was already achieved in 2017 before the target 2020, and part of the contents of "Specific Activities" in May 2019 is to support employment for international students revised the environment to make it easier for international students to find employment. In April 2019, the status of residence for "special skills" that allows employees to obtain work visas in the field work was newly established in 14 industries where labor shortages are expected to become more serious. As announced by the Tokyo Chamber of Commerce Research, a survey on labor shortages was conducted at 10,353 companies. As a result, the labor shortage reached approximately 70%, and the acceptance of foreign workers will continue to increase.
